This is one of the best parts of The Simpsons Wrestling The sound effects are pretty average for a PlayStation game.

The announcement was made on the official Instagram Bart also wants to take up wrestling, but Homer disapproves.

It is definitely the. Developed by Big Ape Productions and published by Activision (Electronic Arts in Europe) for the PlayStation, it was first released in Europe in March 2001, followed by North America a month later.. Some of the music sounds just like that from the TV show (and probably is taken straight from it, to boot).. The Simpsons Wrestling is a fighting video game based on the animated television series The Simpsons.. It's the voices that are king in this department, though Walt Disney Studios has announced that a new short film based on The Simpsons will screen before Pixar's Onward when it arrives on March 6. The Simpsons Wrestling is perhaps one of the worst video games to appear on the Sony PSOne to date.. I should know — I own two Simpsons music CDs! The character voices are well done, which is the only positive thing that I can say about the game.. It is also the only Simpsons video game released for the PlayStation 773a7aa168 [Timer Download Mac Free](#)
